

Hostel Rules & Stay Policy

Students staying in the hostel must maintain discipline and follow the hostel timings strictly. Entry after 10:00 PM is not allowed unless prior permission is approved by the warden. Any damage caused to hostel property will be charged to the student responsible.

Rooms will be inspected periodically to ensure cleanliness and safety standards are maintained. Students are expected to keep their rooms clean and avoid excessive noise that may disturb others. Cooking inside rooms using electric appliances is prohibited for safety reasons.

Guests are not allowed to stay overnight without written approval from the hostel administration. Repeated violations of hostel rules may result in suspension of hostel privileges or permanent removal from the hostel facility.
