

Library Usage Guidelines

Students must carry their college ID card while entering the library. Books can be borrowed for a maximum period of 14 days and should be returned before the due date to avoid late fines.

Maintaining silence inside the library is mandatory to provide a proper study environment for all students. Food and beverages are not allowed near computer systems or reading areas to prevent damage to library property.

Reference materials, research journals, and rare publications cannot be issued outside the library premises. Students who lose borrowed books must either replace the book with a new copy or pay the replacement cost decided by the library administration.
