

Fee Refund Policy

Students who cancel their admission before the commencement of classes are eligible for a partial tuition fee refund after deduction of administrative charges. Refund requests must be submitted through the official student portal along with supporting documents.

No refund will be provided after 30 days from the beginning of the academic term except in exceptional medical or legal circumstances approved by the administration. Processing of approved refunds may take between 10 to 15 working days.

Hostel and library deposits are refundable only after clearance from the respective departments. Any pending fines, damages, or unpaid dues will be deducted from the refundable amount before payment is processed.
